JULY 11, 2002

Subject: RE: Sagamore Hampton, S12B/06924
Date: Fri, 12 Jul 2002 18:07:31 -0400
From: "Sharon Copp" <scopp@e-topo.com>
To: "Tocky B" <stockton@ttlc.net>

Tocky,

The entire area requires 3 negatives for full coverage of the site. One from a northerly flight line, one from a middle flight line, and one from a southerly flight line (we fly east/west for our library).

The two northerly photos were exposed 23Mar1988 and show a little snow cover (not much). The southerly photo was exposed 08Mar1988 and shows more snow cover, so they are not going to match well. The custom photo flown in 1997 was dated 02May1997, and doesn't have any snow cover, but it seems to match a little better than the early March photo.

100 Scale Mylar Enlgts would be approximately:
1 @ 33" x 55" = $261.36 (B24/1134)
1 @ 33" x 52" = $247.10 (B24/1035)
1 @ 40" x 44" = $253.44 (R177-05-100 prev. enlgt photo) scaled to QUAD SHEET

200 Scale Mylar Enlgts would be approximately:
1 @ 16.5" x 28" = $87.78 (B24/1134)
1 @ 16.5" x 26" = $81.51 (B24/1035)
1 @ 20" x 22" = $83.60 (R177-05-100 prev. enlgt photo)

$150-900 for 2

There would also be a library access fee of $150 (I am only charging for one line of library photos, typically the 2nd line would run an extra $50 to access); Scaling instructions for the lab will be $75, and lab shipping charges would depend on how soon you needed them: Overnight shipping each way is about $40, and 3-day shipping each way is about $15. The last charge would be shipping to you.

I will leave this paperwork with my office. Please call Shauna if you have questions or wish to place an order. She will be able to reach me if necessary.

Have a nice weekend!

Sharon

Sharon,

Richard Luff, owner of Sagamore Hampton, would like you to revise your topo proposal (save the old one just in case) to include all of his holdings in North Hampton. I have attached a drawing file that should have the info you need (release 14).

We also have a more immediate need to get another photo (or two, if needed) like the one you gave them in 97. You gave them a 100 scale mylar, the northerly limit of which I have indicated in my drawing file. With this they would like to cover the North Hampton land and the Greenland piece (113 acres). Something from your 1988 library would be fine for

127 50
771
1898 50

this, and I need a cost from you to give them by the middle of next week if possible.
Could you let me know how much it would cost to get mylars of photos to cover the whole area shown in my drawing. At 100 scale we only need the area not already covered by the 97 photo. We would also like to know the cost to show the same area on mylar at 1"=200'.
And how long would take for delivery....

Please call me at 474-1954 when you have looked at this, as I know the request is a bit convoluted.... just to be sure we are on the same page. Again, the file number on your proposal is S12B/06924.

Thanks,
Tocky Bialobrzeski

From: Tocky B <stockton@ttlc.net>
Organization: TTLC.NET (http://ttlc.net/)
To: Bill Burbank <wburbank@cape.com>

Bill,
This is the best I could get out of Sharon Copp at Eastern Topo before she left for vacation this week, but it should give you a good idea of what kind of costs are involved. Please add another not-to-exceed of $1,000 for me to obtain and hand draft the parcel info onto the mylars, which I think is what you are looking for. I have done quite a bit of brainstorming, research, and legwork on this project already which is included in that figure.
Hope it's OK.
Tocky
PS I trust you will handle placing the order with Eastern Topo once you have decided exactly what you want. The order number is in the subject line of the forwarded e-mail.
PPS You know, it is probably possible for you to get digital files for these photos. I have not asked about that as the files would most likely be huge and hard to work with. Just a thought.....

Re: Sagamore-Hampton

Dear Bill:

Trying to get organized and thought you should have decent copies of both proposals for aerial topo work. Remember that the newer one is not right as it includes the Greenland property. There are still control issues to be worked out, and it might be a good idea for you to ask Eastern Topo what it would cost for them to provide the control we will need, at least for their mapping. Perhaps they do it on a per point basis like the people I asked.

Considering all the back and forth which will be inevitable and some undetermined amount of ground control, I will guess $500 per green for my costs on the work we discussed. Maybe I can refine it once you know how many greens, etc.

I am going to step out of things a bit now if that's OK (until I hear from you). I know Richard is a bit freaked out about costs and so I will not bill now for all these dribs and drabs since the septic design. Perhaps when things get moving on the golf course again I could catch up a little there.

Let me know when you are looking for that overlay……

FIDUCIARY DEED

We, Anna S. Russell, of 1679 West Road, Ashfield, Franklin County, Massachusetts 01330, and Richard P. Hamel, of 49 Bartlett's Reach, Amesbury, Essex County, Massachusetts 01913, as Trustees under the Will of Richard E. Sargent, late of Merrimac, Essex County, Massachusetts, by power conferred by said Will and by every other power, for consideration paid of One Hundred Twenty-eight Thousand and 00/100 ($128,000.00) Dollars, grant to Sagamore-Hampton Golf Club, Inc., a corporation duly organized under the laws of the State of New Hampshire and having a usual place of business at 101 North Road, North Hampton, Rockingham County, New Hampshire 03862, a certain parcel of land located on the Easterly side of Interstate Route 95 in Greenland, Rockingham County, New Hampshire, and being more particularly bounded and described as follows:

Two (2) parcels of land situated southeasterly of the New Hampshire Turnpike in the Towns of Greenland and North Hampton, County of Rockingham, State of New Hampshire, described as follows:

Parcel 1: Beginning at a point in the southeasterly side line of the New Hampshire Turnpike said point being also in the division line between land now or formerly of John W. Crowell and now of the State of New Hampshire and land now or formerly of John M. Ireland; thence southeasterly with said Ireland land about five hundred (500') feet; thence northeasterly with said Ireland land about five hundred (500') feet; thence with said Ireland land about two thousand one hundred forty (2,140') feet; thence turning and running southwesterly about five hundred fifty (550') feet to land formerly of Charles L. Dority now of the State of New Hampshire; thence continuing southwesterly with said Dority land about five hundred twenty (520') feet to land now or formerly of Kenrick M. Norton; thence northwesterly with said Norton land about two thousand four hundred forty (2,440') feet to the southeasterly side line of said Turnpike; thence N. 43° 01' 18" E. with said side line about thirteen hundred (1,300') feet to the point of beginning. Containing seventy-five (75) acres more or less.

Parcel 2: Beginning at a point in the southeasterly side line of said New Hampshire Turnpike said point being also in the division line between land formerly of John M. Odiorne now of the State of New Hampshire and land of said Kenrick Norton; thence southeasterly with said Norton land about two thousand four
